One of the glass factories¹ located in Retenice (W51/F34) near Teplice is reportedly manufacturing safety glass to be used in tanks and airplanes. Production of the glass is kept secret, as well as the fact that the safety glass is being delivered to the Skoda Works in Pilsen and to the Cesko-Moravska Kolben-Danek (CKD) plant in Sokolov, Bohemia. The Retenice plant employs 500 to 700 persons.
